# "Your Railways and the Cost of Living"

**B**EFORE the Privy Council at Ottawa, protests against the new Railway Rates have been made on the grounds that the giving of the new rates would raise the cost of living by a percentage many times higher than the percentage actually charged by the Canadian Railways.

It was pointed out that the numerous middlemen who act as the distributors of goods would each add his percentage of profit to the freight rates so that, although the railways might only receive, say 40 cents additional freight charges on a shipment, the public would be forced by the distributing middlemen to pay many times that amount.

The management of the various Canadian Railways desire, through this, their association, to draw the attention of newspaper readers to the highly significant fact that the recent increase in United States Railway Rates—an increase similar to the increase in Canada—*has been actually followed by a decrease in the cost of living in that country.*

## *Furthermore*

A great Canadian manufacturer recently made public, without any solicitation and without the previous knowledge of the railway managements, figures which proved that the retail selling price of a yard of plain white cloth in Winnipeg, after being hauled from Montreal to Toronto and Toronto to Winnipeg, would be increased only one-half a cent, *even after the wholesaler had added 20 per cent. profit to the new freight rate and retailers another 50 per cent.*

He showed that the distributors, whether rightly or wrongly, added 15 cents to his mill price of 16 cents per yard.

Yet the railways carried the raw cotton for this yard of goods from Texas to Montreal; and the finished goods from the mill to Toronto and Toronto to Winnipeg for one and one-half cents.

One and one-half-cents as against fifteen cents.

We venture to believe that whatever the explanation or the justification may be, the same serious additions to cost by the distributing trades will be found in retailing almost every article of common household use.

This is not to attack the distributors. They may themselves be victims of a bad system or an overcrowded trade. But it is to point out that if they add whatever percentages they, as a trade, find convenient to the freight rates, the railways cannot either help themselves or the public. The oppressive results of these practices should not be charged against the railway management, nor cited as reasons for holding freight rates down merely because railway rates are held down while other prices soar, as the various trades find necessary.

Railway charges always must be a serious item in determining the cost of production, but the management of your railways urge upon your attention this fact, that antiquated, over-loaded and wasteful systems of distributing goods are much more properly a subject of public concern.

*Canada cannot prosper without  
prosperous railways. Canadian  
railways cannot prosper unless  
Canada is prosperous.*

In all sincerity let us suggest that the people of Canada beware of those who would restrict and even strangle the railways *simply because control exists there and is not so convenient in other departments of commercial activities.*

NEXT WEEK'S  
ATTRACTIONSDOUGLAS FAIRBANKS LATEST FILM  
RELEASE, "THE MOLLYCODDLE," WILL  
OPEN AT EMPRESS NEXT MONDAY

Expenditures On This Photoplay Far Exceed Former Pictures, and Dory Has Never Been Noted For His Economy.—Here for Five Days' Run

In preference to the public his latest screen effort, "The Mollycoddle," which is the third of the United Artists Corporation production, Douglas Fairbanks presents the most costly and most original picture of his career, representing an expenditure of more than a half million dollars. The picture will be presented at the Empress theatre, beginning Monday, for a four days' run.

The enormous cost of "The Mollycoddle" was due to the stars' desire to continue the picture in a magnificent way, but it became an independent picture and member of the "Big Four."

At that time he declared that money would be secondary, and that it would be his aim, with each succeeding production, to eclipse all previous efforts.

That Fairbanks was not merely talking when he announced his intention was evidenced with the release of his first and second United Artists offerings, in which it was plainly seen that considerable money and time had been spent to place entirely new material on the screen. Fairbanks, so in his last picture, "When the Clouds Roll By," commanded to be one of the greatest, now picture productions ever filmed.

STORY OF TYPICAL AMERICAN  
FAMILY OF WEALTH PORTRAYED  
"THE THIRD GENERATION"

All-Star Company Headed by Betty Blythe and Mahlon Hamilton Will Be Seen at The Monarch Theatre, Starting Next Thursday

The story of a typical American family of wealth is told in "The Third Generation," the Robertson-Cole picture, which is opening Thursday at the Monarch theatre, for a five of three days.

The picture traces the life of the family of Van Dusen, the head of which is the fourth and last of his great period of success under the name of Van Dusen, Joseph, who is played by Betty Blythe, Mahlon Hamilton, Jack Pratt, Joseph Schilder, and Edward Cecil.

The story is that of New York of civil war time, of some 20 years ago and of the present. There are scenes in the Metropolitan opera house, in New York homes, at a fashionable beach, at an exclusive mountain resort, and in a western mining town.

The commercial interest which marked the opening of the late world war is another element used to give the picture drama and interest.

The central character is Allen Van Dusen, a wealthy young man, who is played by Mahlon Hamilton, who is a great deal of the time and money on entertainment, and so he has no time to devote to his business, through the strict attention to business and hard work of his father, a financier, which has a disastrous effect, and before long Van

LIEUT. ORMOND PERLEY FAMOUS  
SOLDIER "GIRL"

Star in Maple Leafs Coming to The Empire Monday

Lieut. Ormond Perley, one of the most famous soldier boys "girls" of the "Maple Leaf," is a St. John, N. B., boy, who went over with a local regiment, and afterwards became an actor, treated in concert work behind the scenes.

His first appearance before the boys was as an operatic singer of the Mary Garden type. While he lacked Mary's voice, especially in her high notes, he was the diva of the "Maple Leaf" and performed to the hilt of the show. After the war a change in fate intervened and a year's practical experience in a big Broadway revue has made him one of the greatest impersonators of the day.

Although the "Maple Leaf" impersonators with the "Maple Leaf" are all pretty different types of the four men, ranging all the way from the big school city to the "Maple Leaf" and back to the chair lady. The impersonators are all well known among the boys and they are all willing to go to the limit to make each other's numbers, and some in 1922 has had a show run.

This added to the fact that each boy has a personality of the show and makes in the profession, is one of the reasons for success of the "Maple Leaf" shows. It is a plan which will be followed by the "Maple Leaf" company as they will be the offering at the Empire theatre Monday, Tuesday and Wednesday, Oct. 4th, 5th and 6th, with a Wednesday matinee at 12:30.

REAL PLAY FOR  
OPENING OF NEW  
EMPIRE THEATRE

"Maid of the Mountains" Will Be Presented Here on Dec. 23

Those who expect to find in "The Maid of the Mountains" which will be presented at the opening of the new Empire theatre here on December 23rd, simply a glorified musical comedy will be surprised to find that it is something more than that. It is a real play with a musical setting of exceptionally melodious lyrics, choruses and incidental music.

It tells a romantic story of the love of a fascinating girl for a "wild" girl, and it comes nothing in the least because it is furnished with musical numbers.

The scenery moreover, makes opera entertainment. It is a picture replica of the lovely setting of the Dalys' theatre, and it enhances every number and lends full significance to the development of the plot.

Many elements of Canada's best doing their bit overseas saw "The Maid of the Mountains" during the record run of over five years at the Dalys' theatre in London, and they will be found its most enthusiastic boosters for the Canadian tour.

Demand for reservations in the town visited by the organization so far have been exceptional, and it is anticipated that when it appears at the new Empire theatre on December 23rd it will duplicate in this city its phenomenal success everywhere it has been presented in the homeland.

ROTARIANS WILL HAVE  
BIGGEST MINSTREL SHOW  
IN HISTORY THIS YEAR

Fourth Annual Event to Be Held at Empire Theatre October 21-23—Five Acts in The Olio

A minstrel show that will surpass any of the previous efforts is now in rehearsal by the Edmonton Rotary Club, who have organized a working committee now preparing the details of the entertainment which will be held at the Empire theatre, on October 21 and 22, 23 being reserved for the opening day by a musical street parade through the principal streets of Edmonton.

This year's minstrel first part will be participated in by no less than thirty men including choruses of seven to ten male voices. Some of the very best end-men jokes as well as up-to-date musical songs will be among the best features of the opening program.

The five acts will consist of five acts including a duo by Frank Dalton and Jack Brachan, a comedy quartette under the supervision of Henry Hodge, a musical comedy by Clifford Brown, and also popular songs, quartets and a Shakespearean play with unusual scenic equipment.

These participating in the minstrel first part include the following: 1st. George—Herbert Baker, J. D. Fisk, Jack Gardner, M. D. Harned, H. Hayward, J. H. Johnson, G. H. Hodge, L. G. Smith, N. Smith, H. Vesper.

## D.D. STOLKE AT DRUMHELLER IS PROVING FIASCO

Acty Per Cent. of Men Working  
Asserts Assistant Director of  
Coal Operations

### U. M. W. A. STATEMENT

Few of Strikers Attempt Waving  
Red Flag But Warned by  
Veterans

Calgary, Oct. 1.—While the local office of the United Mine Workers of America claim that there are more than seventy per cent. of the miners working at Drumheller, reports from other sources indicate that the figure is less than fifty per cent.

The official statement of the U. M. W. A. has a list giving exactly the percentage of men that are working.

U. M. W. A. assistant to W. H. Armstrong, director of coal operations, who has been in the city since the strike, stated that the percentage of the miners are still at work, and that only three or four per cent. of the miners are still at work, and that the statement of the U. M. W. A. is a gross understatement.

According to Robert Lavett, of the U. M. W. A. committee in Calgary, the statement of the U. M. W. A. is a gross understatement, and that the men that have come out will follow lead of those at the Drumheller mine.

According to a report from Drumheller, some of the workers in the Drumheller mine, who were foreigners, Friday morning began waving the red flag, and to the confusion of the men that have come out will follow lead of those at the Drumheller mine.

Some Days Yet Before Colonel  
Leckie May Make Start  
From Halifax

Ottawa, Oct. 1.—(Canadian Press).—The weather man is proving unfriendly to the plans for the trans-Canada air flight. At the present time, weather conditions appear to be delaying the flight for a few more days.

Colonel Leckie, who, with Major Basil Hobbs, was flying a Fokker seaplane from Montreal to Halifax to begin the first leg of the flight, wired the air board here that he was compelled to descend at Fredericton, N. B., on account of mist. A letter wire from Colonel Leckie stated that last night the weather was bad, and the storm signal was out. He had hoped, however, to be able to resume the flight to Halifax today. No further word has been received from Colonel Leckie at noon. It may be some days before he is able to take the air at Halifax to make the first leg of the journey.

The air board here is to cover the western end of the flight as being held at Winnipeg awaiting word of Colonel Leckie's start, when they will leave for their respective taking-off stations for the western end of the journey.

VIOLENT STORM  
EXPERIENCED IN  
EASTERN PROVINCES

Port Stanley Ont., Oct. 1.—The weathering that is tied up in the harbor here today following a heavy gale that prevailed on Lake Erie last night and again today.

Great Ont., Oct. 1.—One of the most violent wind and rain storms experienced in Ontario for many years struck the city and district last night. The wind at one time reached a velocity of 75 miles an hour.

A portion of the roof of St. John's hospital church on St. John street was lifted off and thrown into the street and a big tree fifty feet in height was uprooted.

Toronto, Oct. 1.—Strong northwesterly gales during the night, followed by a heavy rain shower. This morning gave the part of the dominion an early start in autumn weather. The temperature is quite low and the atmosphere is very cool and comfortable. A violent weather throughout the day. Windy, but no rain.

MacSWINEY HAS  
ANOTHER BAD NIGHT

London, Oct. 1.—Terence MacSwiney, lord mayor of Cork, passed away very bad night at Brighton prison, where he is being held, on the 25th day of his imprisonment. He died at a late hour of the night, but after that time he had been ill, and was in the Irish Self-Determination League cell, and was suffering from a heart ailment.

## GREENWOOD GIVES WARNING AGAINST ANY REPRISALS

No Matter What Provocation, It Is  
No Excuse, Says Irish  
Secretary

Dublin, Oct. 1.—Warning against reprisals, no matter what the provocation, was given by the Irish secretary, the chief secretary for Ireland, in a speech on the occasion of a distribution of medals. The chief secretary had been given the police with 123 of their number murdered, and 128 wounded, but declared no reprisals could be contemplated by the authorities. He congratulated the men upon their general maintenance of discipline.

"Your duty and mine," he said, "is to arrest criminals and endeavor to prevent further crime. I appeal to all Irish people, men and women, whatever their creed and politics, to unite in this endeavor."

"You are a disciplined force and I confidently count on you to maintain that discipline, no matter what the provocation. The accounts of reprisals in certain newspapers are often misleading, and frequently misrepresent the state of the country, and in which unjustifiable action has been taken."

"I assure you that you have behind you in your great difficulty and dangerous duty the support of the government. We believe that right will win in the end and that we are on the right side."

UNITED STATES CITIES  
ALSO GROWING RAPIDLY

Washington, Oct. 1.—Cities in the United States are increasing in population and a half time as fast as the rural districts, the census bureau disclosed in a compilation of the figures covering approximately 80 per cent. of the new census. The figures indicated that the country as a whole would show the majority of the population to be city dwellers.

FOOTBALL KILLED IN  
FOOTBALL PRACTICE

Philadelphia, Oct. 1.—Martin Kessler, 17 years old, captain of the Lockwood High School football team, died yesterday from a broken neck, received during scrimmage practice Wednesday. Before his death, Kessler had practiced his team moves from all angles.

## THIS DRUGGIST HAD BUSY MONTH IN PRESCRIPTIONS

According to Evidence 5,800 from  
One Doctor Were Filled in  
August

Windsor, Oct. 1.—William McCullough, a druggist, was fined \$200 and costs on a charge of selling liquor otherwise than as authorized by a license. According to evidence, 5,800 prescriptions from one doctor were filled by McCullough during August. On one occasion, 144 prescriptions were filled by two men in 144 minutes.

The case will be taken to the court of appeal to decide whether a druggist may, under the Manitoba Temperance act, use his own judgment in deciding whether he shall fill a prescription or not.

## MOVING DAY IN NEW YORK BRINGS GREAT CONFUSION

Thousands of Families Seek Aid  
of New Law on Rent  
Profiteering

New York, Sept. 30.—Municipal officials tonight urged efforts to bring about the evacuation of the city by the thousands of families to whom the new law on rent profiteering, effective tomorrow, moving day, will be the first means of moving to new quarters.

Hundreds of tenants today swarmed to the offices of the mayor's committee for aid in obtaining the new law on rent profiteering, which will be the first means of moving to new quarters.

## TREES SCRAPPED STEAMER BEFORE SHE WENT ASHORE

Passengers From G.T.P. Steamer  
Prince Rupert Have Arrived  
In Port

Prince Rupert, B. C., Oct. 1.—Two hundred passengers from the Grand Trunk Pacific steamer Prince Rupert, which arrived here last night, are now in the city. The steamer was damaged during a storm on Wednesday morning, while on her way north to Vancouver. The steamer was almost submerged at high tide, and the vessel lay on her beam ends on the shelving shore.

Passengers declared that the vessel got so close to shore in the fog that they could hear the ice branches scraping along the steamer's side, just before she struck. Little excitement was caused by the accident. A snow machine was sent from Vancouver by the steamer, which was in command of Captain McKenna, can. it is thought, be salvaged.

New Westminster, B. C., Oct. 1.—The title of the Dominion of Canada changed their convention here today with the relocation of James F. Morrison as grand exalted ruler, and the relocation of Calgary as the place for next year's convention.

Calgary, Oct. 1.—Disputed as a boy and waving faintly as a messenger for the Northern Electric company limited in Calgary, Helen A. Howard, a beautiful girl 16 years of age, who ran away from her home in Missoula, Montana, on September 28, was caught masquerading by Sergeant George Gault of the city police force on Friday morning, and she is now being held, pending instructions from her home.

SAYS CO-OPERATION  
IS NEEDED IN THE  
PROVINCES EAST

Annual Convention of Maritime  
Provinces Boards of Trade  
Opens at Amherst

Amherst, N. S., Sept. 28.—(Canadian Press).—At the 22nd annual convention of the Maritime board of trade, which opened here this afternoon, President J. W. Miller, chairman of the Maritime provinces board of trade, said that the Maritime provinces had never so much needed co-operation in their whole history.

The growing strength of western Canada, he said, had a tendency to lessen the influence of these eastern provinces. "The dreams of the fathers of confederation have not come true," he concluded.

At the evening session the board went on record as favoring a united office in London for the Maritime provinces, changing the rule of the road, and reducing harvest excursions to the west.

## WAR SHAKEN COUNTRIES ARE IMPROVING

Distinct and Multiplying Signs of  
Economic Betterment Are  
Being Seen

Brussels, Oct. 1.—Distinct and multiplying signs of economic improvement are seen in countries most shaken by the great war, and optimism over their future is felt, according to speakers at the international financial conference, in session here.

"Let us only dwell together in peace and unity," said Henry Bell, manager of Lloyd's bank, London, "but let us also deal together freely and in harmony."

"It is a great effort," he declared, "to consider the success of one nation in trade a detriment to others. Commerce is not a form of conflict, but on the contrary, it is that which should bind nations together."
